9:00am - 2:00pm  
**Chicago**

## Taking in the Sights - Film and Speedboat Architectural Tour

On the first part of the tour you'll venture from Chinatown to Uptown, Lakeview to Downtown and everything in between. The Chicago Film Tour hits more than 30 sites where over 80 movies were shot, from Hollywood blockbusters like *The Dark Knight* and *The Fugitive* to Chicago favorites like *Ferris Bueller's Day Off* and *The Blues Brothers* to movie classics like *North by Northwest* and *The Sting*.

From the comfort of a luxury motor coach, you'll see the city from the director's chair. At each location, watch scenes come to life on multiple video screens while getting up close and personal with memorable locations. Whether you are a movie lover or just a couch potato looking for a novel way to experience the Windy City, this tour has something for you.

Then, after dining on a yummy lunch at the famed Harry Caray's at Navy Pier, we'll hop aboard the Seadog speedboat and embark on a Lake and River Architectural Tour where you'll experience:

- A passage through the historic Chicago Locks and up the Chicago River
- Up-close views of all the famous bridges of the Chicago River
- An entertaining docent who'll share amusing stories, facts and tidbits on Chicago's interesting history
- Fascinating stories about some of Chicago's most famous buildings including the Tribune Building, Willis Tower, Lyric Opera and the Merchandise Mart

An exciting speedboat ride along the lakefront featuring views of Chicago including Buckingham Fountain, Grant Park, beautiful Chicago Harbor, Chicago's Museum Campus and much, much more!

Price: included in full Guest Package (a la carte: \$100)
