Take in the famous French Quarter, history and architecture of the old Creole city, Jackson Square, St. Louis Cathedral, the Pontalba row houses, and an overall view of the Mississippi River. Drive by the French Market, the old U.S. Mint and the stately mansions along Esplanade Ave. before stopping for a guided walking tour of historic St. Louis Cemetery #3 on Esplanade Avenue.

Ride along peaceful Bayou St. John, as you view houses from the late 1700's followed by a drive through City Park, where you'll see the picturesque antique carousel and centuries old Louisiana live oaks.

Stop for a guided tour of **Longue Vue Mansion and Gardens**, an exquisite 8-acre Grand city estate.

Continue with Uptown, the Universities, the 160 year old Streetcar line & St. Charles Avenue's grand colonial mansions and into the Garden District to show famous (maybe haunted?) historic homes.

Then you'll enjoy the **legendary Jazz Brunch** at the renowned Court of Two Sisters restaurant. It's a day packed with history and beauty all capped off with a taste of what makes New Orleans famous... great food with a dose of Southern hospitality!
