Tennessee

Certificate of Enrollment

If you have not yet met the education requirements for this state, but are currently enrolled in an academic program at a U.S. college or university, you may still qualify to sit for the Uniform CPA Examination. All required courses and degrees must be completed no later than 200 days following the date you sit for your first section of the examination. In conjunction with your application for the Uniform CPA Examination, this form must be submitted directly to CPA Examination Services from the academic institution (along with an official transcript). CPA Examination Services must receive a final official transcript documenting successful completion of the education listed below. Although you may be permitted to submit a new application to retake failed sections or to sit for new sections before your final official transcript has been received, if you pass the examination, your Successful Candidate letter will not be released until your transcript has been received.
