Hawaii - An international evaluation is not needed for a degree earned outside the U.S. if the candidate can submit evidence of acceptance to an advanced degree program at a regionally accredited school. The basis of acceptance into the advanced degree program should be the international degree.

Kansas - Candidates must contact the Kansas Board for additional information and instructions prior to submitting an initial application. Evaluation reports should be forwarded to the board's office for review.

Iowa- NIES and FACS are preferred providers, however all NACES members are accepted.
