We have reviewed and evaluated, for the period January 1, 2016 through December 31, 2016, the policies and procedures of the Virginia Society of CPAs (the VSCPA) and the National Peer Review Committee (the NPRC) of the American Institute of Certified Public Accountants (the AICPA) as those policies and procedures relate to the administration of the AICPA Peer Review Program (the Peer Review Program) for firms licensed by the Virginia Board of Accountancy (the Board).

Our review and evaluations were conducted for the purpose of determining the appropriateness of the Board's continued reliance on the VSCPA and the NPRC in the administration of the Peer Review Program for firms subject to the licensing requirements of the Virginia Board of Accountancy. Our oversight visits and participation in conference calls are summarized as Attachment A to this report.

Based upon our review and evaluations, we believe that peer reviews are being conducted and reported on consistently and in accordance with the Standards for Performing and Reporting on Peer Reviews (the Standards) promulgated by the AICPA Peer Review Board, and accordingly, the Virginia Board of Accountancy may rely upon the VSCPA and the NPRC in carrying out its responsibilities with respect to the licensing requirements of firms licensed by the Virginia Board of Accountancy for the period January 1, 2016 through December 31, 2016.

This report is intended solely for the information and use of the Virginia Board of Accountancy, and is not intended to be and should not be used by anyone other than the specified party.
