CPA EXAMINATION SERVICES
As NASBA’s flagship program, CPA Examination Services (CPAES) provides a comprehensive array of services related to the Uniform CPA Examination. A few of these services include application processing, credential evaluations and score reporting. Outsourcing these services to the experienced and reliable professionals at NASBA enables state boards to provide candidates with a positive examination experience while remaining focused on other critical regulatory functions – like enforcement and rule making.
NATIONAL CANDIDATE DATABASE

The National Candidate Database is a database of CPA candidate information created to help NASBA, Boards of Accountancy, the AICPA and the testing centers protect the personal data provided by candidates during application and examination processes. As a central repository for all CPA Examination candidate information, the National Candidate Database is a global tracking system for CPA Examination candidates. With the ability to track a candidate’s history, from initial application to grading of the examination, the National Candidate Database is a powerful tool for managing testing information.
Data from the Uniform CPA Exam allows for the gathering of targeted, reliable information about the demand for the Certified Public Accountant (CPA) credential in the United States, and abroad. The NASBA Report on the Uniform CPA Examination is your go-to resource for annual data and trends of candidates taking the CPA Exam. Statistical reports and commentary on trends in Exam participation offer insights on how to interpret the data. This information, available only from NASBA, offers you the best indication of the market today, AND tomorrow.

NATIONAL REGISTRY OF CPE SPONSORS

Only learning providers who are committed to offering high-quality continuing education programs, that improve a CPA’s professional competence, are listed on the Registry. The National Registry of CPE Sponsors logo is the seal of approval for CPE. When you see that logo, you can trust that the continuing education you receive will be of the highest quality.
QUALITY ASSURANCE SERVICE
The Quality Assurance Service (QAS) recognizes and highlights continuing professional education (CPE) sponsors that provide self-study CPE programs in accordance with nationally-recognized standards developed jointly by Boards of Accountancy, NASBA and AICPA. Because of the respected standards and processes for approval, many boards and associations accept, and others require, that self-study CPE course credits be earned from QAS sponsors. Further, some boards only accept credits granted by this program.
ACCOUNTANCY LICENSEE DATABASE (ALD)

The ALD is a central repository of current licensee and firm information. It was conceptualized to assist Boards of Accountancy with their regulatory mission. Ideally, the database will continue to grow to include the current and accurate licensing information for individual accountants and firms in each of the 55 jurisdictions. ALD is hosted by NASBA and access to the system is free to Boards of Accountancy.
ACCOUNTANCY LICENSING LIBRARY

Given the ever-changing regulatory environment and recent adoption of Mobility legislation, in most states, it is becoming increasingly difficult to remain up-to-date on the laws and rules governing CPAs. ALL helps remove the complexity from the CPA license and firm registration process for busy accounting professionals. This valuable resource contains comprehensive and accurate information for the different types of CPA licenses (initial, reciprocal, mobility/practice privilege and firm registration).
Once you have added the CPA designation to your title, you are proud to tell your colleagues, friends and family that you are “official.” All of the hard work and studying paid off, and the exams are out of the way. As you move to the next level and become a practicing CPA, you may want something in addition to your wall certificate to display and celebrate your achievement. NASBA’s CPA Merchandise allows you to do exactly that. Choose from high-quality products such as CPA-branded cufflinks, mugs, mouse pads and pens that take your level of practicing professional to an entirely different level. These items also make great gifts for bosses, family members, coworkers or friends, who are also CPAs.
NASBA’s concierge service, CredentialNet assists with completing the application process for licenses/permits. NASBA manages this process from start to finish allowing licensees and firms the opportunity to focus on day-to-day business.
With statutes approved in almost all of the 55 U.S. jurisdictions, and pending in most of the rest, mobility has become a reality for CPAs and accounting firms from coast to coast. Mobility is a practice privilege that generally permits a licensed CPA in good standing from a substantially equivalent state to practice outside of his/her principal place of business without obtaining another license. With CPAmobility.org, CPAs can learn whether mobility applies to their specific situation and whether firm registration or other paperwork is required – all within four clicks. Available via mobile phone, CPAmobility.org provides a wealth of information at your fingertips.
