MUTUAL RECOGNITION AGREEMENT

Introduction

The State Boards of Accountancy or their equivalent in each of the United States' jurisdictions (known collectively as the "State Boards"), which act pursuant to their authorizing statutes, are legislatively empowered by law to protect the public interest by granting and regulating the Certified Public Accountant credential and license to practice. Chartered Accountants Australia and New Zealand (CA ANZ) is empowered to grant the Chartered Accountant (CA) credential in Australia and New Zealand to qualified applicants. The State Boards and CA ANZ grant respectively the US CPA and CA ANZ CA credentials and either grant licenses to practice or their members have access to a license to practice.

The National Association of State Boards of Accountancy (NASBA) and the American Institute of Certified Public Accountants (AICPA) jointly established the International Qualifications Appraisal Board (IQAB) to:

1. Assist State Boards seeking to establish abbreviated pathways through which experienced professionals, who hold substantially equivalent foreign professional accounting credentials, may obtain a Certified Public Accountant license in their jurisdiction (US CPA credential); and
2. Enable US CPAs to obtain foreign professional accounting credentials and the right to practice through similar abbreviated pathways.

CA ANZ is a member-based organisation operating under a Royal Charter in Australia, with members in New Zealand regulated by the New Zealand Institute of Chartered Accountants Act 1996. The Supplemental Royal Charter was granted to CA ANZ on 26 November 2014. On 1 January 2015, the Institute of Chartered Accountants in Australia (ICAA) and the New Zealand Institute of Chartered Accountants (NZICA), who each held separate Mutual Recognition Agreements with IQAB prior to this current agreement, merged to form Chartered Accountants Australia and New Zealand (CA ANZ). Former members of each body are now considered to be members of CA ANZ.

CA ANZ, under the Royal Charter, its By-Laws and Regulations, has the authority to make:

1. Rules regarding criteria for membership of CA ANZ, including setting rules regarding examinations and the period of approved service, the entitlement to be called a Chartered Accountant and regulations regarding the granting of practise rights; and
2. Rules and conditions regarding the recognition of other accountancy bodies for the purposes of granting membership in CA ANZ.

Due to certain New Zealand legislative requirements, CA ANZ members resident in New Zealand are members of both CA ANZ and NZICA. NZICA and the NZICA Board remain responsible under the New Zealand Institute of Chartered Accountants Act 1996 (NZ) (NZICA Act) for disciplinary and enforcement matters relating to members resident in New Zealand. CA ANZ administers all other membership matters (other than the regulatory functions described above) relating to members resident in New Zealand.

All CA ANZ Regional Councils report to the CA ANZ Board under section 8 of the CA ANZ By-Laws. The New Zealand Regional Council also acts as the NZICA Council required under the NZICA Act.

Believing that there are a significant number of US CPAs who desire to obtain the CA ANZ CA credential, including the CA ANZ Certificate of Public Practice (CPP) and Registered Company Auditor status in Australia and Licensed Auditor status in New Zealand, and a significant number of CA ANZ CAs who desire to obtain the US CPA credential, the IQAB and CA ANZ (known collectively as the "Parties") set out to evaluate each other's credential to ascertain if they are substantially equivalent and would thus allow both parties to create for qualified holders of either of the credentials an abbreviated qualification pathway.

Eligibility of Applicants under this Agreement:

To be considered a "qualified holder" under this agreement, candidates must affirm that they are capable of performing audit and attest services based on their competence to complete such services according to the relevant professional standards¹, including having the requisite additional experience/training or licenses necessary for such work.

Chartered Accountant Australia and New Zealand's Undertaking

The Australian Securities and Investments Commission (ASIC) is Australia's corporate, markets and financial services regulator. ASIC regulates the licensing of certain prescribed services, such as Registered Company Auditors (RCA) in Australia. ASIC has requirements regarding the experience necessary to be eligible for appointment as a RCA in Australia.

Generally, a US CPA must demonstrate the obtainment and detail of at least 3000 hours (i.e., 2 years and 8 months) of work experience auditing reporting entities, during the 5 years immediately before the date of their application, either in the US or Australia. At least 12 months of the 3000 hours must be practical experience obtained in Australia supervised by another RCA.

Within the term of this agreement:

1. CA ANZ undertakes to seek a determination from ASIC to recognise practical audit experience obtained in the US towards the above noted 12-month practical audit experience requirement for the Registered Company Auditor qualification.
2. CA ANZ undertakes to report to the IQAB on its progress on this undertaking on an annual basis.

¹ US CPAs generally practice under standards set by the AICPA, the Financial Accounting Standards Board, the Governmental Accounting Standards Board, the Public Company Accounting Oversight Board and the International Accounting Standards Board. CAs in Australia must comply with the CA ANZ Royal Charter, By-Laws and Regulations, applicable standards published by the Australian Professional and Ethical Standards Board, the Australian Accounting Standards Board, the Australian Auditing and Assurance Standards Board, and relevant provisions in the *Australian Corporations Act 2001 (Cth)*. CAs in New Zealand must generally comply with the CA ANZ Royal Charter, By-Laws and Regulations, the NZICA Rules and the applicable codes and/or standards published by NZICA, the External Reporting Board, the NZ Accounting Standards Board and the NZ Auditing and Assurance Standards Board and relevant provisions in the *Financial Reporting Act 2013 (NZ)* and where applicable the *Auditor Regulation Act 2011* and the regulations under these Acts.

IQAB's Undertaking

Within the term of this agreement, the IQAB undertakes to renegotiate Appendix 1 of this agreement with the aim of expanding access to this agreement to CA ANZ members who are not citizens of Australia or New Zealand; or holders of visas granting legal residency in Australia or New Zealand.

Basis of Review

The Parties have reviewed each other's credential requirements for entry-level qualification and maintenance of the credential. The review included a comparison of each other's education, experience, examination and other qualification requirements as well as such factors as continuing education, adherence to a code of ethics, enforcement and judicial processes, organizational structure, administrative responsibilities and other credential maintenance requirements to their own corresponding requirements.

The IQAB compared CA ANZ's requirements to those set out in the Uniform Accountancy Act (UAA). The UAA is a model law, and not enforceable. Much of the UAA's language is used by the US jurisdictions as they draft the laws and rules that must be followed. Each individual US jurisdiction's requirements can be found in that jurisdiction's laws and rules.²

CA ANZ compared the UAA education, examination, and experience requirements to the Global Accounting Alliance (GAA) 'Framework for Recognition between Professional Accountancy Bodies' (Framework) and the requirements of CA ANZ's professional qualification program.

Basis of Recognition

As a result of these reviews, the Parties are satisfied that the US CPA credential and CA ANZ CA credential are substantially equivalent subject to the conditions set forth in this agreement and accompanying appendices.

Therefore, the Parties agree:

1. To create an abbreviated qualification pathway for eligible holders of the other's credential.
 - a. A holder of the CA ANZ CA credential will be eligible to obtain the US CPA credential via this agreement if the holder meets the eligibility requirements set out in Appendix 1A.
 - b. A holder of a US CPA credential will be eligible to obtain the CA ANZ CA credential via this agreement if the holder meets the eligibility requirements set out in Appendix 1B.
2. An eligible holder, as set out in 1 above, may obtain the other Party's credential via the following abbreviated pathways:
 - a. The abbreviated pathway to the US CPA credential for eligible holders of a CA ANZ CA credential is set out in Appendix 2A.
 - b. The abbreviated pathway to the CA ANZ CA credential for eligible holders of a US CPA credential is set out in Appendix 2B.

² To access the laws and rules of each jurisdiction visit: <https://nasba.org/stateboards/>.

3. To assist holders of the other's credential, who are both eligible for an abbreviated pathway, as set out in 1 above, and who successfully complete the abbreviated pathway, as set out in 2 above, to obtain licensure in their respective jurisdictions.
 - a. Appendix 3A sets out the process that a CA ANZ CA credential holder should follow to obtain licensure in the United States.
 - b. Appendix 3B sets out the process that a US CPA credential holder should follow to obtain a CA ANZ Certificate of Public Practice (CPP) and Registered Company Auditor status in Australia and/or Licenced Auditor status in New Zealand.
4. This agreement shall be in force for a period of five years from the date of last signature. This agreement may be renewed, or extended, through mutual agreement in writing.
5. To inform the other Parties, on an annual basis, if any:
 - a. Material changes are made to the qualification requirements of their credential.
 - b. Mutual recognition agreements, reciprocal membership agreements, or other similar agreements are signed or renewed with other institutes or professional accountancy organizations, subject to compliance with any obligations of confidentiality.
 - c. New or existing pathways to membership or licensure for foreign credential holders are initiated or materially altered.
 - d. Strategic alliances, joint ventures, or material relationships with other institutes or professional accountancy organizations are initiated or materially altered, subject to compliance with any obligations of confidentiality.
6. Either Party may, with 60 (sixty)-days' notice, withdraw their consent to this agreement.
7. Where personal data of an individual is required to be disclosed by one party (the **discloser**) to the other party (the **recipient**) under the terms of this Agreement, the discloser agrees to obtain and document the individual's specific, express, and written consent to the disclosure of such personal data prior to disclosing it to the recipient.
8. For the purposes of clause 7, personal data means any information relating to an identified or identifiable natural person ("**data subject**"); an identifiable person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location data, online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that person.

Appendix 3B

Process to Obtain Licensure for the Provision of Public Accounting Services in Australia or New Zealand for Eligible Holders of a US CPA Credential

License for Practice – Public Accounting Services

Any CA ANZ member providing Public Accountancy Services in Australia or New Zealand must hold a Certificate of Public Practice. The following are definitions of what Public Accountancy Services and Certificate of Public Practice mean:

The Board has determined such services include, but are not limited to: accounting, auditing, financial planning services, forensic accounting, insolvency, management consulting, taxation, financial management, risk management, corporate advisory services and business valuation services.

"Certificate of Public Practice" or "CPP" means a certificate issued pursuant to CA ANZ's Regulation CR2 permitting a CA ANZ member to provide Public Accounting Services.

Due to certain New Zealand legislative requirements, CA ANZ members resident in New Zealand are members of both CA ANZ and NZICA. NZICA and the NZICA Board remain responsible under the New Zealand Institute of Chartered Accountants Act 1996 (NZ) (NZICA Act) for disciplinary and enforcement matters relating to Members resident in New Zealand. Statutory Audits (Registered Company Auditor) - Australia

The Australian Securities and Investments Commission (ASIC) is Australia's corporate, markets and financial services regulator. ASIC regulates the licensing of certain prescribed services, such as registered company auditors (RCA) in Australia. ASIC Regulatory Guide RG 180 *Auditor Registration* (RG 180²²) sets out the requirements for registering as a RCA. After obtaining the CPP from CA ANZ, a US CPA must:

1. Apply using Form 903AA application for registration as an auditor and pay the appropriate fee to ASIC.
2. Meet the approved competency standard OR have practical experience as prescribed by the Corporations Regulations OR have equivalent practical, overseas, and supervisory experience²³.
 - Generally, a US CPA must demonstrate the obtainment and detail of at least 3000 hours (i.e., 2 years and 8 months) of work experience auditing reporting entities, during the 5 years immediately before the date of their application, either in the US or Australia. At least 12 months of the 3000 hours must be practical experience obtained in Australia supervised by another RCA.
3. Show the capability to perform the duties of an auditor AND be a fit and proper person²⁴.
 - A US CPA must file a *capability report* including details of the three most significant audits they have worked on showing they have had experience in handling complex audits and a *capability declaration* from their supervisor(s) verifying their capability of performing the duties of an auditor. In addition, the report must include details of their CPE in the last 5 years.

¹⁸ The Public Practice Program currently consists of four online modules and a 2-day workshop. The online modules are self-paced and must be successfully completed prior to the 2-day workshop. The indicative time to complete all four online modules is approximately 5 hours including assessment.

Other Audit Licenses

Additional requirements apply for Assurance Practitioners Undertaking Review Engagements and SMSF (pension fund) auditors. For further information, refer to ASIC Regulatory Guide 243 "*Registration of self-managed superannuation fund auditors*"²⁵. The ASIC website²⁶ provides access to Auditor Licensing Pathways, Regulatory Guides (RGs) and guidance and application processes for finance professionals.

Further Guidance

CA ANZ's website includes Regulations and Guidance CA ANZ members.²⁷

New Zealand requirements:

In New Zealand, the Financial Markets Authority (FMA) is the government agency responsible for enforcing securities, financial reporting, and company law as they apply to financial services and securities markets. FMA regulates the licensing of auditors under the Auditor Regulation Act 2011 (ARA) and through accredited bodies. NZICA has been authorized by the FMA to license individuals to conduct Financial Markets Conduct Act 2013 (FMC) audits.²⁸

A CPP holder must be a Licensed Auditor or Qualified Auditor to conduct regulated audits in New Zealand. The Licensed Auditor regime includes audits regulated under the Financial Markets Authority (FMA) including audits of listed companies, banks, and issuers of financial products/derivatives. The Qualified Auditor regime includes regulated audits such as non-FMC companies and larger charities.

Due to certain New Zealand legislative requirements, CA ANZ members resident in New Zealand are members of both CA ANZ and NZICA. NZICA and the NZICA Board remain responsible under the New Zealand Institute of Chartered Accountants Act 1996 (NZ) (NZICA Act) for disciplinary and enforcement matters relating to Members resident in New Zealand. CA ANZ administers all other membership matters (other than the regulatory functions described above) relating to members resident in New Zealand.

CA ANZ members resident in New Zealand may apply directly to CA ANZ to be licensed or be approved as a qualified auditor in New Zealand; however, auditors resident overseas must apply directly to the FMA (for a licence) or to Companies Office (for qualified auditor status).

Audits which are not regulated by statute (such as smaller charities and other not for profits) may be performed by a CPP holder without further qualification.

Licensed auditors (auditing of issuers of regulated products and other FMC reporting entities)

If a CPP holder is responsible for conducting Financial Markets Conduct Act 2013 (FMC) audits in New Zealand, the CPP holder must hold a license under the Auditor Regulation Act 2011 (New Zealand) (ARA). NZICA is an accredited body authorised to license NZ resident individuals under the ARA to conduct FMC audits.

After obtaining the CPP in New Zealand, a US CPA must:

1. Complete the application form and pay the appropriate fee to CA ANZ on behalf of NZICA.
2. Provide details of at least 3,000 hours (i.e., 2 years and 8 months) of audit work within the five years prior to making an application to demonstrate competency levels have been maintained, including at least 750 hours of work on issuer audits and/or similar audit engagements and a minimum of 375 hours (included in the 750 hours) of work on issuer audits. The audit work may be obtained in either the US or New Zealand.
3. Attain an *Advanced Certificate of Competence* certifying that the applicant has demonstrated competence in all key aspects of the audit, including a declaration by an approved assessor.
4. Disclose any matter that may impact on whether they are a fit and proper person and obtain a current criminal conviction record from the Ministry of Justice.

Qualified auditors (statutory audits other than FMC (issuer) audits)

NZICA may recognise members who meet NZICA's eligibility criteria as qualified auditors who can conduct certain statutory assurance engagements, including companies (other than FMC reporting entities), large and medium charities and other statutory bodies.
