CONTINUOUS TESTING BEGINS

The National Association of State Boards of Accountancy (NASBA), American Institute of CPAs (AICPA) and Prometric are launching year-round testing of the Uniform CPA Examination (Exam) beginning today. The new continuous testing model provides greater candidate flexibility and convenience, with more than 75 additional testing dates available throughout the year. The new model replaces quarterly testing windows that allowed candidates to sit for the Exam during specified dates. According to Prometric, 3,465 test events have already been scheduled between September 11-30, 2020, a previous blackout period, signifying increased flexibility and frequency in candidate testing.

“Continuous testing has been a goal for some time, and it comes in direct response to feedback from CPA Exam candidates and their desire to test more frequently throughout the year. NASBA is proud to work in collaboration with the AICPA, Prometric and the 55 U.S. Boards of Accountancy to continue to ensure the security of the Exam and to implement a successful transition,” shared NASBA Executive Vice President & COO Colleen Conrad, CPA.

The 55 U.S. Boards of Accountancy have endorsed the move to a Continuous Testing model as a means to support Exam candidates on their journey to CPA licensure. NASBA has created a Continuous Testing Status Map, which tracks the status of states with continuous testing. CPA Exam candidates are encouraged to refer to the map often for updates.

“Increasing candidate convenience is one of our top priorities,” said Michael A. Decker, AICPA vice president of Examinations. “The move to continuous testing will give candidates the flexibility to develop a personal testing schedule that works best for them.”

Under the continuous testing model, scores will be released on a rolling basis. Candidates wishing to learn more about continuous testing, as well as how the score release process will work, should visit the AICPA’s CPA Exam Score Release page, as well as follow NASBA via social media for updates. Additional information is available in this short informational video.

PROPOSED REVISIONS TO UAA MODEL RULES
COMMENTS DUE AUGUST 31, 2020

The National Association of State Boards of Accountancy (NASBA) today announces the start of a 90-day comment period for proposed revisions to the Uniform Accountancy Act (UAA) Model Rules. Comments will be accepted through August 31, 2020.

Developed by the AICPA/NASBA CPA Evolution Initiative, the proposed revisions were reviewed by NASBA’s Uniform Accountancy Act (UAA) Committee and recommended to the NASBA Board of Directors for exposure for public comment. The NASBA Board approved the proposed rules for exposure during its April 24, 2020 meeting.

The proposed changes, which are relevant to the CPA Evolution Initiative’s charge, pertain to educational requirements for individuals wishing to enter the CPA profession, and are aligned to encourage uniformity among the 55 U.S. Jurisdictions.

“This is an important milestone in our CPA Evolution journey,” shared NASBA Chair Laurie Tish, CPA. “Not only will these proposed revisions give us the platform we need to achieve the goals we outlined in the CPA Evolution Initiative, but they will result in more relevant and uniform education requirements.”

Among the proposed revisions are provisions for the addition of course content in the areas of digital acumen and data analytics, courses that can be taken outside a school of business, recognition of accrediting organizations by Boards of Accountancy, and new requirements for internships and independent study.

UAA Model Rules, which serve as the baseline standard for use by Boards of Accountancy in state rules and laws, were last updated in 2018 with the release of the UAA-Eighth Edition. NASBA’s UAA Committee, under the leadership of chair J. Coalter Baker, CPA, especially welcomes comments from Boards of Accountancy, academia, accounting bodies and members of the accounting profession through August 31, 2020. Comments should be submitted to uaacomments@nasba.org.
