

To: State Board Executive Directors, Board Members, Staff and Board Associates:

Would you and your Board consider supporting CPAverify.org by posting the link to the website on your Board's homepage or resources section?

CPAverify is an online central repository of information about licensed CPAs and public accounting firms maintained by NASBA that provides a single-search resource covering participating jurisdictions where a person or firm has been licensed. With the wide-spread adoption of mobility, the need for the general public to be able to determine if a person or firm is licensed and in good standing is more prevalent than ever.

CPAverify, with support from participating State Boards of Accountancy, allows consumers the opportunity to check the status of multiple licenses a professional holds at one website.

To help support this effort, attached are some sample graphics that can be placed on your website and linked to CPAverify.org as buttons.

If you are able to provide a link to CPAverify on your website, THANK YOU! Please use the following link as it has tracking built into it: <http://www.linkcounter.com/go.php?linkid=329857>

Please contact Elizabeth Stanton, ALD Manager, with any questions.

estanton@nasba.org

(615) 564-2143

Thank you for the consideration!

Sincerely,

The ALD Team at NASBA
