

New Mexico Public Accountancy Board

Message From The Board's Chairman...

Fellow CPA's,

As you and your client's try to succeed in this stressful economy, remember that the same situation is present at the Board of Accountancy. We are trying to be more efficient everyday and make increased use of technology. In addition we are reviewing our rules and regulations to see if they can be made simpler and more efficient. A couple of areas of particular concern to the Board are the completing of CPE by the deadlines and filing for renewals by the deadline. Extensions for complying with CPE requirements are not automatic. There must be extenuating circumstances that caused the CPA to not meet the deadline. There must be a plan of action to correct the deficiency if an extension is applied for. We all know when our licenses are up for renewal and have time to apply for renewal for something as important as our licenses.

—Jack Emmons
New Mexico PAB Chairman

Attention:

A certified public accountant ("cpa") licensed in New Mexico and acting within the scope of his/her professional practice and in accordance with the 1999 public accountancy act, and the rules & regulations adopted pursuant to said act, does not need to obtain dual licensure as a private investigator.

At the February 12, 2013 NM Public Accountancy Board meeting, the Board expressed a desire to appoint a taskforce to identify ways to increase the pass rate for New Mexico candidates who sit for the Uniform CPA Examination. On the April 23, 2013 Board Meeting various members were appointed to the taskforce. On June 10, 2013 the taskforce met to discuss statistics and variables related to the NM CPA Exam pass rate. The next scheduled meeting will be held on August 16, 2013 at the NM Society of CPAs facility.

Licenses that have been cancelled

Licenses are cancelled if they are not renewed within 90 days of expiration. Once a license has been cancelled, the individual must cease and desist from the practice of public accountancy and may not use the CPA designation in any fashion. In order to reinstate a cancelled license, the individual must submit a reinstatement application, pay the reinstatement fee of \$175, pay the annual renewal fee of \$130, and provide documentation of 40 hours of CPE for each year the license was expired up to a maximum of 200 hours. The individual must also complete a criminal history background check before the reinstatement application will be considered.
