## **INTRODUCTION**

The National Association of State Boards of Accountancy (NASBA) began gathering data on CPA examination candidates in 1982 and has published reports on performance and selected characteristics since 1985. This edition of the book covers candidate performance for the Uniform CPA Examination for all four testing windows in the calendar year 2014. NASBA offers these reports through the voluntary participation of candidates and their individual Boards of Accountancy, which provide data, and the cooperation of the American Institute of Certified Public Accountants (AICPA), which prepares and scores the Examination for the 55 U.S. jurisdictions.

## **BACKGROUND DATA**

The background data is obtained directly from State Boards of Accountancy, when they submit information about eligible candidates to NASBA's Gateway System. This system is a Web Interface which provides state boards a means to enter, review, and manage candidate information. The process of entering candidate information using the Web Interface results in the eventual scheduling of an Examination by the candidate. Candidate information is transmitted through the Gateway System and stored in the National Candidate Database (NCD) where all CPA candidate information and Examination history data is maintained.

## **NOTE ABOUT THIS EDITION**

The users of this and other reports related to university performance on the CPA examination need to be aware of several factors affecting its usability as a comparative tool across institutions.

1. Many/most students are classified as bachelor's students though they are in graduate programs. For example, if a student applies to take the CPA exam while in a Master's program, the student may list only a bachelor's degree for completed degrees. Consequently, the Advanced degree results represent a subset of students with Advanced degrees.
2. Because of 1, the Institution results may be the best indication of university performance
3. Custom analysis using university-provided graduation lists yield the most accurate information about program performance.
4. In the first-time within one year results, the degree date was missing for XX percent of the candidates.
5. Because of space considerations, we provide summary pass rate information for individual schools. However, school and program reports with content area results (similar to the Overall Performance report on pages 13 and 14) are available to universities as part of a custom analysis. Information on custom analysis and pricing can be found at [nasbareport.com](http://nasbareport.com).
6. The school results should be interpreted cautiously because school missions and student demographics differ.

## **WHAT'S NEW WITH THE REPORTING**

In 2016 the data will be presented in two books. The Jurisdiction Edition, designed specifically with the State Boards in mind, will provide a broad view of the CPA Exam trends from around the world. The University Edition focuses on university and accreditation reports, including international, regional, national and state. University rankings based upon examination data will also be a prominent feature in this edition.

### **Content Area Performance**

In addition to the four primary sections (AUD, BEC, FAR, REG), the new publication will include performance metrics by cohort for each of the 23 content areas and four skills areas. The content area performance metric represents the percentage of students who received a comparable or stronger score for that area.

### **Cohort Tracking**

All candidates who begin the examination process in the same calendar year are members of the cohort. Presenting the data in this way allows for a more accurate analysis of trends in the accounting pipeline.

### **Pipeline Reporting**

This section of the reporting provides in-depth analysis of a candidate's path through the examination process, whether they pass all four parts or choose to drop out. In 2015 there were 26,110 candidates who passed their 4th part of the exam, 19,733 candidates dropped out of the exam, and 61,804 remained active in the examination process at the end of calendar year.

## **DEMOGRAPHICS**

The reader should note that demographic data is not reported completely for all jurisdictions. This gap in data is often due to the fact that the reported information may not be critical to a given jurisdiction's application process and thus not collected. NASBA will continue to work with several of the jurisdictions to close many of the data collection gaps.

## **SECTION DESCRIPTIONS**

In an effort to present the data in a clear-cut manner, section descriptions for each individual component of the report have been built into this edition. Please do not hesitate to contact us at [CPB@nasba.org](mailto:CPB@nasba.org) with additional questions.

## **FEEDBACK**

The changes and improvements in this book are a direct result of the feedback received from the many end users of this product. Although this edition has made significant strides over previous editions, we acknowledge that there is additional room for improvement. To get there, we need your feedback, both positive and negative. Please send any questions, comments and (most importantly) suggestions to [CPB@nasba.org](mailto:CPB@nasba.org).

## GENERAL DISCLAIMERS / LIMITED LIABILITY

Notwithstanding any language to the contrary, nothing contained herein constitutes nor is intended to constitute a promise of any kind. While reasonable efforts are made to ensure accurate and up-to-date information in this *Jurisdiction Performance Book*, the data contained herein is for informational purposes only and is not represented to be error free. The National Association of State Boards of Accountancy (NASBA) does not warrant that the information and materials in this handbook are adequate, accurate, current or complete, and, to the fullest extent permitted by applicable laws, expressly disclaims liability for any errors or omissions in the information and materials. No warranty of any kind, implied, express or statutory, including fitness for a particular purpose, is given in conjunction with the information and materials contained within the *Jurisdiction Performance Book*. In no event will NASBA or its directors, officers, agents, representatives, employees, or volunteers be liable for any damage to you or any other party for any losses or damage including, without limitation, incidental, exemplary or consequential damage arising from the use or inability to use the data contained within the *Jurisdiction Performance Book*.

## NOTE ABOUT CONTRIBUTING EDITORS

**Greg Gaynor, PhD, CPA**, is an assistant professor of accounting at the University of Baltimore. He earned a BA in Economics at Dartmouth College and a PhD in Accounting at Florida State University. Consistent with his prior experience in the securities industry, Professor Gaynor's research interests include the capital markets and financial accounting as well as the CPA examination and licensure process. The University of Baltimore is committed to student success in the field of accounting and offers the following degrees: B.S.B.A. in Accounting, M.S. in Accounting and Business Advisory Services, M.S. in Taxation, and Graduate Certificates in Accounting Fundamentals and Forensic Accounting. Professor Gaynor and the University of Baltimore wish to thank NASBA for generously supporting research concerning the CPA exam. By supplying data and analysis regarding candidate performance, NASBA helps both schools and the accounting profession by assisting in the development of successful accounting graduates and future CPAs.

**Mark M. Ulrich, CPA** teaches principles of financial and managerial accounting and serves as the Director of the Center for Accounting Research and Technology for the Peter J. Tobin College of Business at St. John's University. His current research includes analyzing CPA exam pass rate data and accounting education pedagogy. Professor Ulrich has three years of public accounting experience, and most recently served as the Director of Budgets and Compliance for the Tobin College of Business. Prior to joining St. John's University, he was employed as a senior audit associate for KPMG. Professor Ulrich also serves on the state-wide Board of Directors of the New York State Society of Certified Public Accountants (NYSSCPA), and is a past president of the Queens/Brooklyn Chapter of the NYSSCPA.

The Department of Accounting and Taxation at the Peter J. Tobin College of Business, St. John's University offers undergraduate and graduate degrees in accounting, taxation, and enterprise risk management. St. John's is dedicated to student success on the CPA exam and students are encouraged to finish the exam prior to graduating from the master's program.

St. John's has benefitted greatly from the excellent work of NASBA, especially through the custom pass rate reports, which allow a university to look at pass rates in much greater detail than what is published in the candidate performance books. St. John's has also participated in data collaboration sessions with NASBA and other universities and hosted a data collaboration session as its Manhattan campus in July 2014. St. John's and NASBA, along with Notre Dame University and the AACSB, also participated in a joint presentation regarding CPA exam data and using pass rate results to support assurance of learning for accreditation purposes at the AACSB annual accreditation conference in September 2014.

**H. Fred Mittelstaedt, PhD, CPA**, Deloitte Foundation Professor of Accountancy, Mendoza College of Business, University of Notre Dame; BS 1979, MS 1982, Illinois State University; Ph.D. 1987, University of Illinois

Fred Mittelstaedt joined the University of Notre Dame faculty in 1992. He has served as the Department of Accountancy chairman since 2007. Prior to coming to Notre Dame, he held a faculty appointment at Arizona State University.

Professor Mittelstaedt has taught financial reporting courses to undergraduates, masters in accountancy students, MBAs, and Executive MBAs. While at Notre Dame, he has received the Kaneb Undergraduate Teaching Award and the Arnie Ludwig Executive MBA Outstanding Teacher Award. He is a coauthor on Financial Reporting & Analysis (6th Edition), a textbook used in graduate and undergraduate courses at numerous universities.

His research focuses on financial reporting and retirement benefit issues and has been published in the Journal of Accounting and Economics, The Accounting Review, Review of Accounting Studies, and several other accounting and finance journals. He is a reviewer for numerous academic journals, and he has served on the Editorial Advisory and Review Board for The Accounting Review. In addition, he has testified on retiree health benefit issues before the U.S. House of Representatives Committee on Education and the Workforce.

Professor Mittelstaedt is a past president of the Federation of Schools of Accountancy and currently serves on the AACSB Accounting Accreditation Committee. He is a member of the American Accounting Association and the American Institute of Certified Public Accountants. Prior to joining academia, he was an auditor with Price Waterhouse & Co. and received an Elijah Watt Sells Award for exceptional performance on the Uniform CPA Exam.

## Section Description

This section contains in-depth descriptions of how to read and understand the data in this publication.

## Overall

This portion of the report provides the highest level overview of Examination volume and performance. In 2014, a total of 91,380 unique candidates passed 49.5% of the 234,440 section attempts with an average score of 71.9. These candidates had an average age of 29.0 years at the time of Examination.

	Overall	Exam Type		Exam Section			
		FT	RE	AUD	BEC	FAR	REG
Candidates	<b>91,380</b>	67,849	47,993	49,952	45,398	49,206	46,445
Sections	<b>234,440</b>	136,279	98,161	62,486	53,796	60,197	57,961
% Pass	<b>49.5%</b>	55.0%	41.9%	46.4%	55.5%	47.6%	49.4%
Avg Score	<b>71.9</b>	72.6	70.8	72.4	73.8	70.1	71.3
Avg Age	<b>29.0</b>	28.0	30.5	28.9	29.3	29.0	28.9

## Exam Type

A candidate's first attempt at a given section (FT) and, if needed, subsequent attempts in that same section (RE) are reported in the Exam Type area of the report. Some candidates sit for both FT and RE sections in a given Examination year. In 2014 a total of 67,849 unique candidates passed 55.0% of the 136,279 FT sections attempts with an average score of 72.6. Typically around 60% of the sections attempted in a given year are FT.

## Exam Section

The four distinct sections of the CPA Examination (AUD, BEC, FAR, REG) are each reported separately in this part of the report. Candidates attempted AUD more frequently than any other section (62,486 attempts) which resulted in the lowest pass-rate of the four sections (46.4%). BEC is often the last section attempted, which yields a lower total number of attempts and a higher average pass-rate.

## Cohort Size Trend

A cohort is defined as the group of unique candidates who began the Examination process in a calendar year. The 2014 cohort size was 41,066 candidates, which represents a 1,688 candidate (3.9%) decline from 2013. The cohort size increase seen in 2010 and the subsequent drop in 2011 is related largely to the CPA Exam update to the next iteration of computer based testing (CBTe).

## Section Description

## Gender

A candidate's gender is generally derived from information gathered during the application process. The gender mix has been roughly 50% male and 50% female since 2011. Gender information was available for 95.5% of candidates sitting for the exam in 2014. \*Note that candidate counts for gender do not add up to the overall number because those who do not report a gender are not included in this section.

## Residence

During the application process, each candidate indicates a country of residence. Testing performance and patterns for international residents varies notably from those of U.S. residents. In 2014, a total of 8,589 candidates entered an international address during the Examination application process, representing 9.4% of all testers. International residents passed 39.7% of sections attempted while their domestic counterparts passed 50.6%.

	Gender*		Residence		Cohort Year				Age at Time of Examination						
	Female	Male	U.S.A.	Int'l	2014	2013	2012	Other	<22	22-23	24-25	26-27	28-29	30-34	35+
<b>Candidates</b>	43,681	43,563	82,911	8,589	41,066	25,120	9,413	15,781	1,364	22,274	21,240	13,434	10,280	15,815	16,674
<b>Sections</b>	109,391	111,851	211,788	22,652	104,828	66,079	23,538	39,995	2,759	57,814	47,653	29,224	22,381	36,468	38,141
<b>% Pass</b>	46.7%	52.5%	50.6%	39.7%	55.1%	51.2%	42.1%	34.6%	67.7%	61.9%	49.0%	46.8%	46.3%	44.7%	38.7%
<b>Avg Score</b>	70.9	72.9	72.3	67.9	72.7	72.6	70.5	68.5	77.5	75.7	71.6	71.1	70.9	70.4	68.4
<b>Avg Age</b>	28.9	29.0	28.8	31.5	27.4	28.6	30.0	35.6	21.7	23.2	24.9	26.9	29.0	32.2	42.1

## Cohort Year

This portion of the report shows performance of various cohorts on Examination sections attempted during the current calendar year. The other cohort year collectively represents the 2004 through 2011 cohorts. In 2014 a total of 9,413 candidates who began in the 2012 cohort year sat for the examination and achieved a 42.1% section pass rate.

## Age at Time of Examination

This section attempts to show both the size and performance of various age groups on the CPA Examination. While the mean age in 2014 was 29 years, the median age was 26 years. As in previous Examination years, performance on the Examination declined with age (and time since graduation) with the largest drop occurring after the 22-23 year age group.

## Activity & Lost Credit

The candidate activity pipeline is broken down into five general areas of earned credits: Pass 4, Active, Inactive, Drop, and Lost Credit. These categories are defined as follows:

- o Pass 4: The count of candidates in each defined cohort group who passed their 4th section in the reported year.
- o Active: The count of candidates in each defined cohort group who sat for at least one section in the last 9 months of the reported year.
- o Inactive: The count of candidates in each defined cohort group who last sat for a section between 9 and 18 months prior to the end of the reported year. 1,687 candidates from the 2014 cohort year are reported as inactive, meaning they sat for their first and last section during the first testing window of 2014 but failed to pass all 4 sections or attempt another section during the remaining 3 testing windows. While some of the inactive candidates may reappear as active candidates in following years, the total count is a strong leading indicator of drops in the following calendar year.
- o Drop: The count of candidates in each defined cohort group who are considered to have dropped from the Examination process. While this is not an absolute definition, the general assumption is that once 18 months has passed and all earned credits have expired, most candidates will not restart the Examination process. In the 2014 calendar year 7,668 candidates from the 2012 cohort year are reported as having dropped from the Examination process.
- o Lost Credit: Any credits that were earned outside of a Jurisdiction’s required timeline (typically 18 months or 6 testing windows) before passing the fourth section will be lost. This metric counts the total number of these lost credits in the given testing window.

### Pipeline: Cohort Activity, Attempts, Passing 4

	Cohort: Activity & Lost Credit					From 1st Section: Attempted						From 1st Section: Pass 4 Parts

<b>Total</b>					<b>Total</b>	<b>91,380</b>	<b>234,440</b>	<b>100%</b>	<b>49.5%</b>	<b>71.9</b>	<b>Total</b>	<b>25,648</b>	<b>167,703</b>	<b>6.54</b>	<b>100%</b>	<b>61.2%</b>

### Attempted

This area looks at performance based on time since the first section that a candidate attempts. The idea behind this view is to look at how candidates perform farther into the testing process. Any sections attempted after 6 months and before 12 months of the given candidate's first attempted section will be aggregated in the <12 month category. Note that a candidate will be counted in multiple groups, and possibly across multiple years, unless they passed all four parts or dropped out within six months of their first section. In 2014 approximately 20% of the attempted sections were from students who began the Examination process more than 2 years before. These attempts had an overall pass rate of 37%, contrasting greatly with the under-12-month sections that had a 53% pass rate.

### Pass 4 Parts

The average candidate requires roughly 17-18 months and 6 total attempts to pass the 4th part of the Examination. This portion of the report looks at performance based on length of time taken to complete the Examination process. In 2014, 7,084 of the 25,648 candidates passed their 4th part of the Examination between 12 and 18 months after beginning the Examination process with an 80.7% overall pass rate.

## Cohort Performance: Section, Content Area, Skills Area

	AUD				BEC				FAR				REG			
	Cand	Secs	%P	Score	Cand	Secs	%P	Score	Cand	Secs	%P	Score	Cand	Secs	%P	Score

Other	7,593	10,001	36.1%	69.8	7,520	10,132	33.2%	69.0	7,139	9,797	33.0%	66.9	7,460	10,065	36.2%	68.4

### Cohort Performance by Section

An expansion of the exam section performance, this part of the report looks at the cohort size, score and pass rates for AUD, BEC, FAR and REG. The 31.5 percentage point difference in BEC pass rate between the 2014 cohort and those prior to 2012 is the largest of the 4 sections. The associated difference for the AUD section is only 13.9 percentage points.

## Content and Skill Area

The content and skills section provides a more granular look at the 23 content areas, as well as the simulation and writing portions, of CPA Examination performance. The percentages reported here represent the percentage of test takers who received a “Comparable” or “Stronger” (C/S) on their score report. For an in-depth explanation of the C/S measurement, please visit the AICPA’s webpage on Psychometrics and Scoring. The darker blue colors represent the content area and cohorts with the highest percentage of C/S while the darker red colors represent the lowest. In 2014, the highest performing area was Information Systems where 69.2% of the cohort received a comparable or stronger score. The lowest performance was 38.0% C/S in Financial Statement Accounts for the pre-2012 cohorts.

## Content Area Legend

### Auditing & Attestation

<b>AUD</b>	Understanding the Engagement (12-16%)
	Understanding the Entity (16-20%)
	Procedures and Evidence (16-20%)
	Evaluation and Reporting (16-20%)
	Accounting and Review Services (12-16%)
	Professional Responsibilities (16-20%)

### Business Environment & Concepts

<b>BEC</b>	Corporate Governance (16-20%)
	Economic Concepts and Analysis (16-20%)
	Financial Management (19-23%)
	Information Systems (15-19%)
	Strategic Planning (10-14%)
	Operations Management (12-16%)

### Financial Accounting & Reporting

<b>FAR</b>	Framework and Standards (17-23%)
	Financial Statement Accounts (27-33%)
	Specific Transactions/Events (27-33%)
	Governmental (8-12%)
	Not-for-Profit (8-12%)

### Regulation

<b>REG</b>	Ethics & Legal Responsibilities (15-19%)
	Business Law (17-21%)
	Federal Tax Process (11-15%)
	Taxation on Property Transactions (12-16%)
	Taxation on Individuals (13-19%)
	Taxation on Entities (18-24%)

A black and white photograph of a grand classical interior, featuring several large, fluted columns with ornate capitals. The columns are arranged in a perspective that leads the eye towards a vanishing point in the distance. The floor is made of large, light-colored tiles. An orange horizontal band is overlaid across the middle of the image, containing the title text.

# 2014 Candidate Performance Overview

## 2014 Institution Rankings

This section contains rankings of the top 40 educational institutions in the U.S. These rankings are calculated from the average pass rate for each institution. In addition to the overall rankings, the top 40 rankings for various program size groups are also provided.

## Ranking of Institutions by Pass Rate: **First-Time, All Programs**

Includes 797 institutions with 10 or more reported candidates

Rank	State	Institution (FICE)	Candidates Total	Sections Total	Percent Pass	Average Score

# Glossary

# Glossary

---

Listed below are brief descriptions for the data fields and terms found in this publication. With the exception of the multi-year trends, the data presented in this publication represents the statistics and performance for only those candidates and testing events during all four testing windows of 2015.

**Accrediting Bodies:** The accreditation data is broken down into regional accreditation and program accreditation.

## Program Accreditation

- AACSB - The Association to Advance Collegiate Schools of Business - [www.aacsb.edu](http://www.aacsb.edu)
- AACSB-A - The Accounting Accreditation designation from AACSB - [www.aacsb.edu](http://www.aacsb.edu)
- ACBSP - The Accreditation Council for Business Schools and Programs - [www.acbsp.org](http://www.acbsp.org)
- IACBE - The International Assembly for Collegiate Business Education - [www.iacbe.org](http://www.iacbe.org)

## Regional Accreditation

- Middle States - The Middle States Commission on Higher Education - [www.msche.org](http://www.msche.org)
- New England - The New England Association of Schools and Colleges - [www.neasc.org](http://www.neasc.org)
- North Central - The Higher Learning Commission - [www.hlcommission.org](http://www.hlcommission.org)
- Northwest - The Northwest Commission on Colleges and Universities - [www.nwccu.org](http://www.nwccu.org)
- Southern - The Southern Association of Colleges and Schools - [www.sacs.org](http://www.sacs.org)
- Western - The Western Association of Schools and Colleges - [www.acswasc.org](http://www.acswasc.org)

**Advanced Degree:** The number or percentage of sections associated with an application listing an advanced degree (graduate or post graduate) as the primary degree. Because the degree is associated with an application and not the candidate, a single candidate can be reported under multiple degree types during his/her Examination process. Data associated with jurisdictions allowing a certificate of enrollment (COE) are most affected by this reporting methodology.

**Age:** The age is captured at the time the candidate sits for a given section. If the candidate sits three times in a year, the age at the time of each attempt will be included in the calculation of average (mean) age.

**Average:** All averages (mean) are calculated at the testing event level.

**Candidate:** A unique (distinct) individual participating in the Examination process during the reported testing window and, if applicable, within the reported category. For example, a candidate who sat for two sections in each of the four quarters would count as one candidate in the respective quarter and as one candidate for the year.

**Degree Type:** Candidate degrees are recorded at the time of application and are associated with the testing event. The degree for that event will remain the same even if the candidate earns a different degree prior to passing all four sections.

**First-Time:** First-Time (FT) refers to sections that were taken for the first time by a given unique candidate.

**Gender:** A candidate's gender is determined by salutation entered during the application process (Mister, Misses, etc.). This field is not captured by all jurisdictions.

**International:** International institutions have addresses outside of the United States. Candidates are designated as international if they have an international address when applying for the exam. These candidates may include U.S. citizens who are living or studying abroad at the time of Exam application.

**Institution:** A place of higher learning, typically a college or university, is referred to as an institution.

**Jurisdiction:** The 50 States plus the District of Columbia, Puerto Rico, Northern Mariana Islands, U.S. Virgin Islands and Guam.

**Pass Rate or Percent Pass:** The pass rate is calculated directly by dividing the count of testing events passed by the total testing events.

**New Candidate:** A candidate who has not sat for ANY testing event prior to the testing window in which they are being reported.

**Out-of-State Address:** Refers to a candidate with a mailing address in one of the 55 jurisdictions, but is applying to sit for the Exam in a different jurisdiction.

**Passing 4th Section:** A candidate who successfully passes his/her final section of the Exam during the reported period is counted in this metric.

**Re-Exam:** Re-Exam (RE) refers to all testing events for a given Exam section subsequent to the First-Time testing event for that section.

**School:** Commonly used term for university, educational institution, or college.

**Score:** The numerical score received for each testing event.

**Section:** Refers to one of the four areas of the Examination: AUD, BEC, FAR or REG. The term section(s) is also synonymous with testing event(s) for this and other NASBA reports.

**State:** The state data reported in this book includes section performance for all educational institutions within that given state. Note that this differs from the state (or jurisdiction) data in the *Candidate Performance Book*, which includes section performance for all candidates applying to sit for the Examination through that jurisdiction.

**Within 1 year (< 1-yr):** The 1-year timeframe is the difference between the candidate's reported graduation date from their listed program and the date the candidate sat for a given section. This value is calculated individually for each section.

# Additional Products

---

## Candidate Performance Publications

**Jurisdiction Edition:** Designed specifically with the State Boards of Accountancy in mind, the *Jurisdiction Edition* provides a broad view of CPA Exam trends from around the world.

**University Edition:** Focusing on university and accreditation reports, including international, regional, national and state, the *University Edition* also features a wide scope of university rankings.

**Accreditation Reports:** Schools and boards that provide NASBA with a list of graduates are offered the most accurate analysis of performance on the CPA Exam with the NASBA Accreditation Report. Direct name matching of Exam candidates allows for tracking of a program's performance on the Exam, which in turn provides a valuable tool for accreditation reviews, changes to the curriculum, admissions criteria or other variables inherent to the accounting education. Educators are able to compare the performance of their students based on graduation year, gender, Bachelor's v. Master's programs, concentrations within the program, and in numerous other ways.

## New Features in the Reports

### Content Area Performance

In addition to the four primary sections (AUD, BEC, FAR REG), the new publications will include performance metrics by cohort for each of the 23 content areas and four skills areas (Writing and Simulation).

### Cohort Tracking

All students who begin the Examination process in a given year are member of the cohort. The reports provide a comprehensive analysis of each cohort for the given Examination year.

### Pipeline Reporting

This section of the reporting provides in-depth analysis of a candidate's path through the Examination process, whether they pass all four parts or choose to drop out.

## Past Publications

**Candidate Performance Book:** This publication, which included statistical information from all four testing windows in a given year, was designed to meet the needs of both NASBA's stakeholders and the book's numerous end users. Years in publication include 2006-2015.

**School Performance Book:** This product helped educational institutions by including more granular views of the performance of each school. In addition to the standard ranking, performance by region and program size allowed a view into performance among peer institutions. Years in publication include 2006 – 2015.
