2025 SCHOLARSHIP INFORMATION

NASBA offers scholarships for most of its conferences. Please note the following:

1. Each conference scholarship has different eligibility requirements.
2. Scholarship deadlines vary each year – information will be sent out prior to each conference at the start of each scholarship cycle. Only apply for scholarships during the conference cycle dates.
3. All scholarship requests must be received through the [scholarship request form](#)

Annual Meeting Scholarships

In an effort to increase board member participation at the Annual Meeting, scholarships are available for up to two (2) board members of a Board of Accountancy if that board does not have travel funds and would not otherwise be represented at the Annual Meeting.

If your board has funding for only one (1) board member to attend the Annual Meeting, you may request a scholarship from NASBA for the second board member representative if your board does not have travel funds for the second board member.

This scholarship program is for state board members only and not for state board staff.

To be considered for funding, complete the scholarship request form by **September 15, 2025**.

NASBA scholarships cover the following costs:

1. Event registration
2. Round trip economy air travel
3. Economy transportation to and from the airport to the destination hotel
4. Three (3) nights' lodging at the conference hotel.

IMPORTANT: All other Incidental costs, including meals, telephone, gratuities, parking, car rentals, baggage fees, home city transportation, etc., are NOT reimbursable.

Every attempt should be made to make airline reservations at least 30-45 days prior to departure to obtain the most favorable rates. To ensure reimbursement of hotel fees, reservations must be made by the published hotel reservation deadline. Original receipts must be provided for reimbursement. Instructions for submitting receipts can be found on the reimbursement form.
