

Verification of Supervisor's Licensure

South African Institute of Chartered Accountants

In those cases where the SAICA is not able to confirm the candidate has completed the additional 2 years of relevant work experience, the experience may be verified by a direct supervisor using the Verification of Experience form. The Verification of Supervisor's Licensure form must be submitted to confirm the supervisor's valid license as a CA(SA) or U.S. CPA. The candidate's application for the IQEX is incomplete until both forms have been submitted.

This Verification of Supervisor's Licensure is valid for the IQEX only. After you pass the IQEX and are ready to apply for licensure as a Certified Public Accountant in the U.S., you will need to follow the licensure application process for the state to which you apply for licensure. This may include a new verification of experience.
