PREFACE

This bulletin is intended for individuals who plan to take the Uniform Certified Public Accountant (CPA) Examination. The examination is offered via a network of test centers across the United States and its territories, as well as Brazil, Europe, Japan, Latin America, the Middle East and South Korea.

Successful completion of the examination is one of the requirements for licensure by the 55 states and territories (jurisdictions) of the United States. In order to take the examination, you must be declared eligible by one of the jurisdictions. Each jurisdiction sets its own requirements for education, examination and experience.

Since 1917, the Uniform CPA Examination has proven to be a highly valid and reliable measure of candidate abilities. This focus on quality has made it possible for all U.S. jurisdictions to rely on the results in determining who is competent to practice public accounting in order to protect the public.

This brochure contains important information. Do not discard before receiving your examination results.

Certified Public Accountant (CPA)

The CPA credential is a license issued by one of the 55 states or territories of the U.S. that authorizes the holder to practice as a CPA in that jurisdiction. Licensing of CPAs helps to protect the public interest because only those individuals who have met prescribed requirements are permitted to identify themselves to the public as CPAs. One component of the licensing requirement designed to ensure only qualified individuals become licensed as CPAs is the Uniform CPA Examination.

Examination Partners

The following pages provide a brief description of the examination partners including the 55 Jurisdictions, NASBA, AICPA and Prometric.

The 55 Jurisdictions

The 55 Jurisdictions: The CPA license is issued at the jurisdiction level. To become a CPA, you must be declared eligible for the examination, and subsequently licensed, by the Board of Accountancy in one of the 55 U.S. jurisdictions. The Constitution of the U.S. grants each state or territory the power to regulate the practice of the professions within that jurisdiction's borders. In most jurisdictions, these powers are carried out by a "Board of Accountancy." These Boards of Accountancy are made up of appointed individuals and staff (many of whom are CPAs) who are charged with the responsibility of carrying out the laws promulgated by the legislatures and providing an appropriate examination for licensure. The Board of Accountancy is an administrative agency that handles the day-to-day operations relative to regulating the practice of accountancy including activities involved with entry into the profession. In some cases, the Board of Accountancy contracts out certain examination-related tasks such as the review of applications and collection of examination fees.

Preparation for the Examination

The CPA Exam consists of four, four-hour sections: Auditing and Attestation (AUD), Business Environment and Concepts (BEC), Financial Accounting and Reporting (FAR) and Regulation (REG). You must pass all four sections within 18 months, earning a minimum score of 75 on each part.

The best preparation for the Uniform CPA Examination is a thorough review of the examination content. Click the buttons below to review the study materials, sample tests and features and functionality video.

CPA Exam Study Materials →

Examination content, skills and representative tasks are provided in the Examination Blueprints. Make certain you review the Blueprints for each Examination section to learn about the specific topics tested in each Exam section.

CPA Exam Sample Tests →

Take the sample tests to become familiar with typical multiple-choice questions, task-based simulations, and written communication tasks, as well as with the software that is used for the Examination.

CPA Exam Features and Functionality Video →

Watch the features and functionality video for highlights of the exam software. You'll find various topics that discuss the functionality of tools, resources and navigation found in the CPA Exam.

The Uniform CPA Examination® consists of several question types that test the knowledge and skills required of newly licensed CPAs.

Candidates are responsible for reviewing the tutorial and sample tests. Before the beginning of any examination session, candidates must attest to the fact that they have had the opportunity to review the tutorial and sample tests, as well as the Candidate Bulletin. This requirement is intended to ensure that before candidates report to the test centers, they are knowledgeable about the examination process, and thoroughly familiar with examination functionality, format and instructions. Failure to follow the instructions provided in the tutorial and sample tests, including the instructions on how to respond, may adversely affect candidate scores.

International Applicants

The Examination is only offered in English, and is the same computerized test as the one administered in the U.S. You are required to meet the same eligibility requirements and complete the same licensure requirements as your U.S. counterparts.

Applicants from countries other than the U.S. must follow the same basic steps as U.S. applicants. This means you must select the jurisdiction in which you wish to qualify and file an application with the Board of Accountancy (or CPAES) in that jurisdiction. Any special instructions for candidates who have completed education outside the U.S. are included in the Board of Accountancy requirements.

The Application Process

You must submit an application with any required documents and fees each time you want to take one or more sections of the examination. Once your application has been evaluated, you will be contacted by your Board of Accountancy or CPAES.

When you submit your application, you may also be required to submit some or all of the application and examination fees. Because the rules vary by jurisdiction, follow the information provided to you by your Board of Accountancy, or CPAES, when paying the fees associated with the examination. Be sure you follow the most recent instructions supplied by your board or CPAES.

For jurisdiction-specific requirements, be sure that you follow the requirements of your Board of Accountancy. You are ultimately responsible for following the rules and completing all sections of the examination within the timeframe and according to the rules adopted by your Board of Accountancy.

Specific requirements for becoming a CPA, as well as the rights and obligations of a licensed CPA, are set forth in the laws and regulations of the 55 U.S. jurisdictions. A general summary of CPA licensure requirements by jurisdiction may be found on [NASBA's website](#).

IDENTIFICATION

Important: The name on your application must appear exactly the same as it appears on the identification you plan to take to the testing center.

Note: The middle initial can be substituted for the middle name (e.g., your NTS reads Michael A. Smith, but the name on your driver's license reads Michael Albert Smith), or vice versa.

Pay Application and Examination Fees

Taking the examination involves two categories of required fees that are to be paid either to your Board of Accountancy, its designee or to NASBA. The required sections are as follows:

APPLICATION FEE

This fee is established by and paid to your Board of Accountancy or CPAES.

EXAMINATION FEE

This fee is paid either to your Board of Accountancy or CPAES. Examination fees are established by Boards of Accountancy, NASBA, the AICPA and Prometric.

You must pay additional fees for each examination section you plan to take in Guam or in international locations upon registration, regardless of which Board of Accountancy has declared you eligible for the examination.

When you submit your application, you may be required to submit some or all of the application and examination fees. Because the rules vary by jurisdiction, follow the information provided to you by your Board of Accountancy or CPAES when paying the fees associated with the examination. Keep in mind, the length of time to complete the application process will vary depending on the jurisdiction to which you are applying.

Important: You are able to apply for one or more sections of the examination at a time; however, the Notice to Schedule is valid for one testing event or until the expiration date (see Step 3: Receiving your Notice to Schedule; pg. 25), whichever is first exhausted for each examination section. This includes non-testing months.

PAYING APPLICATION AND EXAMINATION FEES

SCENARIO ONE

In some cases, boards of accountancy will collect the application and examination fees. In this situation:

You are required to pay your Board of Accountancy or CPAES all fees associated with the examination at the time that you apply. The fees you pay include an application fee charged by the Board of Accountancy and the examination fees. Each time you apply to take one or more sections of the examination, pay all fees directly to the board of accountancy or CPAES. Once your application has been received, you may not be able to change the requested sections of the examination and you may be charged an additional fee for any changes.

You may be required to pay your Board of Accountancy or CPAES an additional fee for a background check.

After your Board of Accountancy or CPAES has accepted your application and fees, it will notify NASBA which sections of the examination you are eligible to take.

Your Board of Accountancy or CPAES will inform you of the application processing time and when to expect your Notice to Schedule (NTS). Once your NTS is ready you will receive an email that will direct you to our NASBA CPA Candidate Account website (<https://candidate-portal.nasba.org>) where you will be able to view/print your NTS.

SCENARIO TWO

In other cases, the board of accountancy or CPAES will collect only the application fee, and you will pay the examination fees separately to NASBA. In this situation:

You are required to pay your Board of Accountancy or CPAES only the application fee at the time that you apply. Each time you apply to take one or more sections of the examination, you will pay the application fee to the Board of Accountancy.

After your Board of Accountancy has accepted your application and fee, it will notify NASBA as to which sections of the examination you are eligible to take. NASBA will then send you an email notifying you that your payment coupon is ready on the NASBA CPA Candidate Account website (<https://candidate-portal.nasba.org>) where you may view and make your payment.

Within five (5) days of paying your examination fee, you will receive an email that will direct you to our NASBA CPA Candidate Account website (<https://candidate-portal.nasba.org>) where you will be able to view/print your NTS. If your NTS is not visible after receiving the notification that your NTS is ready to view/print from the NASBA CPA Candidate Account website, call a NASBA candidate service associate at 866-MY-NASBA (866-696-2722). You will not be able to schedule an examination appointment or take the examination without a valid NTS.

You must print your NTS or save an electronic copy which must be presented at the testing site or you will not be allowed to test. If you do not print your NTS or have an electronic copy saved then try to retrieve your NTS at the testing center the day of the exam and become locked out of your account you will not be allowed to test and will forfeit those fees for the exam section you miss.

Important: If you reschedule an appointment, there may be additional fees (see Rescheduling/Cancellation Fees table in Step 3: Scheduling). Because application and examination fees are generally not refundable, you should not apply to sit for a section of the examination until you are ready to take it (see Refunds in Step 3: Scheduling).

RECEIVING YOUR NTS

STEP 2: RECEIVE YOUR NOTICE TO SCHEDULE

Once your application has been processed, and you have been determined to be eligible to take one or more sections of the Uniform CPA Examination and you have paid all fees, you will receive an email from NASBA notifying you that your Notice to Schedule (NTS) is ready for viewing and to print from your NASBA CPA Candidate Account. Your NTS will list the section(s) of the examination that you are approved to take, enabling you to contact Prometric to begin the scheduling process.

Download and print your NTS, then verify that all information is correct. Be certain the name appearing on the NTS matches EXACTLY the name on the identification documents that you will use during check-in at the testing center. If the information is incorrect, or your ID and NTS do not match, immediately contact your Board of Accountancy or CPAES to request a correction.

You must bring your NTS with you to the examination, and will not be allowed to enter the testing center if the name on the identification that you present does not exactly match the name on the NTS. Be sure to take the correct NTS with you. You will not be admitted into the test center without the correct NTS and you will forfeit all examination fees for that section.

The middle initial can be substituted for the middle name (e.g., the NTS reads Michael A. Smith, but the name on the candidate's license reads Michael Albert Smith), or vice versa.

Your NTS includes the examination section identification number for each approved section of the examination. This number is also used as the examination "Launch Code" (Password) for each approved section. You will enter the Launch Code on the computer as a part of the login process.

Boards of Accountancy set the time period for which an NTS is valid (generally six months) during which you must schedule and take the examination section(s), after which it will expire and all fees will be forfeited.

It is strongly suggested that you not apply for a section of the examination until you are ready to take it. If you do not take all sections for which you registered before the NTS expires, you will not be able to extend it or receive a refund of any of the fees you have paid. Please be advised that cancelling an Exam appointment does NOT change the expiration date of your NTS.

ADDITIONAL INFORMATION	51

Once an NTS has expired, you will need to submit a new application, including application and testing fees. Fees submitted for an expired NTS cannot be applied to future examinations. You cannot have more than one open NTS for the same section. You must receive the score or allow the NTS to expire before you can apply for the same section again and receive a new NTS for that section.

You will receive an email once your score has been finalized and your score notice is available for download from your NASBA CPA Candidate Account. NASBA does not release scores or score notices for CA, IL, KY, or MD.

Validation periods by Jurisdiction

Your NTS validation period will include non-testing days.

STEP 3: SCHEDULE YOUR EXAMINATION

Candidates may now take the computer-based Uniform CPA Examination year-round. Site availability may vary due to individual test center hours of operation.

Continuous testing will allow candidates to re-take a failed exam section shortly after receiving their score.

Continuous testing may not be approved in your jurisdiction, so please check here: <https://nasba.org/exams/continuous-testing/>.

- Continuous testing is not linked to the location of the testing center, but to the jurisdiction applied to for the exam.
- Scores will still be released in waves. You can find the AICPA scheduled score release information here: <https://www.aicpa.org/becomeacpa/cpaexam/psychometricsandscoreing/test-windows-score-release.html>.
- The Exam section ID listed on your NTS is only valid

for one testing event or until the NTS expires.

- You cannot use the same section ID to schedule multiple appointments with continuous testing.
- You cannot use the same section ID to schedule a new appointment after you received a failing score.
- You cannot apply for a new NTS if you think you already failed the exam in order to book a new appointment before receiving your score.
- It will take at least 72 hours after you receive your score before you would be able to re-register for the same section.
- Once you receive your new NTS, you can schedule the exam for the next available testing date.
- The only limitations on how many times you can take a section is the time it takes to receive a score, reregister, obtain the new NTS, and find an available testing date.

Schedule Early

You should schedule your examination appointments as soon as possible after you receive your NTS. You must schedule your examination appointment at least five days in advance of the test date. To increase the likelihood that you receive your first choice of date, time and location, you should schedule at least 45 days before the desired test date(s). You must take each examination section within the time period for which an NTS is valid (before it expires). Your Board of Accountancy, NASBA, and Prometric are not responsible if you cannot schedule an appointment before a deadline expires in your jurisdiction.

For most candidates, there are two ways to make an appointment for each section of the examination.

Option 1: Visit Prometric

You will find that the easiest and quickest way to schedule an examination appointment (as well as reschedule and cancel an appointment, if necessary) is on the Internet. Using the Internet provides you 24-hour access to scheduling and avoids any “on hold” waiting time. Because of this, you have the quickest and most direct access to preferred dates and test center locations. Additionally, you will instantly receive a detailed confirmation of your appointment (on screen and via e-mail).

Before you make your appointments, you must have received your NTS. This applies to International Candidates, as well. Additionally, be ready to identify the dates, times and locations where you want to take each section. It is not necessary to make all appointments at one time. If you prefer, you may make one appointment at a time. If you do schedule more than one section on the same day, please be aware that the online appointment system does not warn you of overlapping appointment times. It is your responsibility to ensure that you have not scheduled overlapping times and have allowed enough time between sections for the check-in process.

Before you begin, you must have your NTS in front of you.

You will be required to provide various pieces of information from the NTS.

NTS

ONLINE SCHEDULING OCCURS IN SEVERAL EASY STEPS.

1. Go to the Prometric website and Select **SCHEDULE MY TEST**.
2. You will need to select the exam type which would be CPA.
3. Next click on **SCHEDULE MY TEST**
4. Select Country/State.
5. Read all the information on the Information Review screen, and click **NEXT**.
6. Read the policy information, confirm the information, choose to consent, then click **NEXT** to proceed.
7. On the Eligibility Information Screen, enter your examination section identification number from your NTS (the number listed next to your “Exam Section” in the “Section ID” column—be sure to use the correct examination identification number for the section you are scheduling), as well as the first four letters of your last name, and click **NEXT**.
8. Follow on-screen instructions to select the location then select “Schedule an Appointment”
9. You will need to read the Biometric Collection and Disclosure information, select your option, then click **NEXT** to proceed.
10. Follow the instructions in order to select your Date and Time then click **NEXT** to proceed.
11. Select **COMPLETE REGISTRATION** to complete your scheduling.

****It is advised that you print the confirmation number for your appointment and keep for your records, this confirmation page will also be used if you need to reschedule your appointment****

If you call to schedule two or more sections, be prepared to identify the dates, times and locations you want to take each section. It is not necessary to make all appointments in one call. If you prefer, you may make one appointment at a time.

Before you call, you must have your NTS in front of you. You will be required to provide the customer service representative with various pieces of information from the NTS.

You will receive an email confirmation of your appointment. If you have not received an email confirmation, please visit the [Prometric website](#) to print a confirmation of your appointment. Please be advised that you must call Prometric at least 10 days in advance of the date you intend to test (we highly recommend 30 days in advance for international locations).

INTERNATIONAL TESTING LOCATIONS

Please be advised: You may receive limited or no accommodations if you choose to test at an international location. Changes to Your Appointments

After you have made an appointment for an examination section, you may find it necessary to change or cancel an appointment. Be aware that you may be required to pay a rescheduling fee or forfeit your examination fees, depending on when you notify Prometric of the change or cancellation.

If you are unable to appear for your appointment, you may cancel using one of the methods below. **If you do not cancel your appointment, or if you arrive for your appointment with the wrong NTS and/or personal ID, you will be marked as a “no-show” and you will forfeit your examination fees. There will be no refunds of examination fees for “no-show” status.**

If you do not cancel your appointment using one of the approved methods, you must wait five (5) days for NASBA to receive your “no-show” attendance status from Prometric. After the five (5) day wait, you must reapply and pay all applicable fees. You will not be able to reapply until your “no-show” attendance has been processed. Your new NTS for the same section may be effective in the same (current) testing window; however, please be advised that there is no guarantee that you will be able to schedule your appointment within the same window.

If you do not schedule an appointment before the expiration date on your NTS, you must wait seven (7) days for NASBA to process your “expired” status. You will not be able to reapply until the expiration has been processed.

Important: If your examination has already launched at the test site, you will NOT be eligible to reapply and sit in the same window. In that event, the effective dates of your new NTS will begin in the next testing window.

If you are unable to appear for your appointment due to personal hardship or extenuating circumstances, you must contact your Board of Accountancy or its designee for further instructions.

Regardless of whether you need to cancel your appointment or cancel and reschedule, you will be subject to the same fees as listed in the [Rescheduling/Cancellation Fees table](#). If you cancel, but are unsure of when you will be able to reschedule, be advised you must reschedule before the expiration date listed on your NTS or you will forfeit your examination fees.

For Europe, call +31-320-239-540.
(Days and hours of operation: Monday-Friday: 8:30 am to 5 p.m. ET)

If you need to reschedule your appointment, review the Rescheduling/Cancellation Fees table on page 40 to determine deadlines and associated fees.

But I Rescheduled!

Carla needed to postpone her CPA Exam due to a medical issue. She decided to reschedule her appointment on-line with Prometric. Unfortunately, she ended her session on the verification screen and not the “appointment complete” screen. When she arrived at the test center, Prometric had no record of her attempt to reschedule. Don’t jump off-line too early like Carla! Follow the instructions on each screen and check your email for confirmation of your new appointment time and place.

Rescheduling: If you reschedule an appointment with Prometric, you must go to the “Reschedule Appointment: Appointment Complete” screen. This follows the “Appointment Verification” screen. Also, make sure that you have received a confirmation email from Prometric verifying the new appointment time and place.

Candidates approved for Testing Accommodations CANNOT reschedule or cancel appointments through the Prometric website and must call the appropriate Contact Center.

Important: If you reschedule your appointment through the Prometric website, you will not be provided testing accommodations on the day of your Exam.

Refunds

Application and examination fees are generally not refunded, although candidates who are found to be ineligible may receive a partial refund. Remember, your NTS includes an expiration date. If your NTS expires prior to your taking the examination section, or you fail to attend your scheduled testing appointment, you will not be able to reschedule or receive a refund on any of the fees you have paid and you will have to reapply for the examination and pay the appropriate application and examination fees. Consequently, you should not apply for a section of the examination unless you are ready to take it. Check with your Board of Accountancy or CPAES for the board’s specific refund policy.

Rescinded Eligibility

If your Board of Accountancy informs NASBA that you are no longer eligible to take the Uniform CPA Examination because of changes in education requirements, candidate misconduct, or other reasons determined by the board, your NTS will be canceled. NASBA will contact Prometric to rescind your eligibility. In the event that you are no longer eligible to take the examination, you will NOT receive a refund of any examination fees.

Test Center Closings

If severe weather or other local emergency requires a test center to be closed, every attempt will be made to contact you. However, if you are unsure if your test center is open on the day of your examination, you may call the local test center directly. If the center is open, it is your responsibility to keep the appointment. If the center is closed, you will be given the opportunity to reschedule without penalty. If you are unable to contact the local test center, check on the [Prometric site status website](#) (U.S. and territories only).

Test centers move, new ones are opened and some close from time to time. The most current list of test centers may be found on the [Prometric website](#).

Fire Codes require that businesses follow established protocol for unannounced fire drills. Please be aware that all staff members are given specific instructions on what to do during an alarm and disruption will be minimized should such an event occur during a test.

STEP 4: TAKE YOUR EXAMINATION

Arrive Early

You must arrive at the test center at least 30 minutes before the scheduled appointment time for your examination to avoid forfeiting all fees for the examination section. This allows time to sign in, undergo scanning via hand-held metal detector wand, have your digital photograph and fingerprint taken, review the security and test center policies and be seated at your workstation. Arriving for your scheduled testing appointment anytime after the scheduled start time may result in your being denied permission to test, and you will not receive a refund. In addition, the appointment time on your confirmation notice will reflect examination testing time plus 30 minutes. The additional 30 minutes is allocated to the examination log-in and survey.

YOU MUST TAKE YOUR NOTICE TO SCHEDULE TO THE TESTING CENTER
Your NTS includes the Launch Code that you will enter on the computer as a part of the login process.
Be sure to take the correct NTS with you. You will not be admitted into the test center without the correct NTS and you will forfeit all examination fees for that section.

Prometric offers the test takers of select exams the opportunity to take a 30-minute “dry-run” of the test center experience prior to their exam, whenever the test center has available appointments. The program, called Test Drive, allows candidates to walk through, on a practice basis, all check-in and testing procedures that occur at the test center on test day. Visit prometric.com for additional information.

Personal Identification

The Uniform CPA Examination employs very strict security measures. One level of security involves your identification. **The same form of your name must appear on your application, NTS and on the identification you present at the test center.** Do not change the spelling and do not change the order of your name on applications or when making appointments. If your name is different from your identifications at check-in, you will not be permitted to test.

Truncated (shortened) names are allowable on a candidate’s driver’s license, as long as the name on the signature ID **exactly** matches the name on the NTS.

You may be required to present **two** forms of identification when you arrive to take your examination, one of which must contain a recent photograph. Each form of identification must bear your signature and must not be expired. If you do not present acceptable identification, you will not be allowed to take your examination and you will forfeit all examination fees for that section. If your photograph identification appears to be damaged or altered in any way, you will not be allowed to sit for your examination and you will forfeit all examination fees for that section.

At the Test Center

The staff at each test center has been trained in the procedures specific to the Uniform CPA Examination. Center personnel will guide you through the steps that have been developed by the Boards of Accountancy, NASBA and the AICPA.

1. You must arrive at the test center at least 30 minutes before your scheduled appointment. If you arrive after your scheduled appointment time, you may forfeit your appointment and examination fees. Arrive early and be sure to have your correct NTS and required identification. You will not be admitted to the examination without the correct NTS and required identification.
2. Your examination should begin within 30 minutes of the scheduled start time. If circumstances arise, other than candidate error, which delay the start of your session more than 30 minutes you may continue to wait or you may request to reschedule your appointment. This also applies to situations involving a technical error during the exam which is not resolved within 30 minutes.
3. You must place personal belongings, such as a purse or cell phone, in the storage lockers provided by the test center. You will be given the key to your locker which must be returned to the test center staff when you leave. The lockers are very small and are not intended to hold large items. Do not bring anything to the test center unless it is absolutely necessary. Test center personnel will not be responsible for lost or stolen items.
4. You may bring soft, foam earplugs with no strings attached for your use. TCAs will inspect the earplugs.
5. Your ID will be scanned/swiped in the combined magnetic strip and 2D barcode reader. The ID will then be placed on a flatbed scanner which captures an electronic image of the photo ID and uses optical character recognition (OCR) to compare printed and encoded data.
6. You will have a digital photograph taken of your face. A photograph is required to test.
7. All candidates will be scanned via hand-held metal detector wand prior to each entry into the test room, including returns from breaks. Candidates will be required to turn their pockets out, pull their sleeves and pant legs back, if your shirt has a hood that must be shaken out, and the scan will be done immediately afterward. Candidates will be required to remove their eyeglasses for close visual inspection by the TCA's. Jewelry outside of wedding and engagement rings are prohibited. Hair accessories are subject to inspection. If a candidate is caught with a camera device prior to entering the testing room, it will be confiscated and you will not be able to test. If caught with a camera device while in a testing room, it will be confiscated and the Exam will be terminated.
8. PLEASE NOTE: A biometric fingerprint-capturing system will be used and is required to test. You will also be asked to provide a fingerprint before and after breaks. If for physical/medical reasons your fingerprint will not be available, you must contact your Board of Accountancy or CPAES PRIOR to your appointment.
9. Scratch paper and pencils will be provided. You will be directed to write your examination Launch Code (from your NTS) on your scratch paper. You will be required to return the scratch paper and pencils to the test center staff when your examination is complete. If you need additional writing space, you may request additional scratch paper from the test center staff, but you must first turn in the original scratch paper you received in order to get a new supply.
10. You will be escorted to a workstation by test center staff. Once seated your exam will be launched. You must remain in your seat during the examination, except when authorized to get up and leave the testing room.

Introductory Examination Screens

You should be aware that once you enter your Launch Code, the subsequent introductory examination screens operate under a 5-minute time limit and you must move through the introductory screens quickly. If the 5-minute time limit is exceeded, the session will automatically terminate and it will not be possible to restart the examination. In this case, you must leave the test center, forfeit fees, reapply to test in the next test window, and receive a score of 0.

While there is adequate time to review the screens and respond, there is not time for you to take notes, leave the testing room, or do anything other than reading and responding to the screens.

After you enter your Launch Code, proceed through the introductory screens and start the examination, the computer screen will display a countdown timer at the top of the screen which will let you know the time remaining as you work through the examination. Plan your time so that you do not use your time up early in the examination and do not have enough time later in the examination. The Prometric test center appointment time includes examination testing time plus 30 minutes. The additional 30 minutes is allocated to the examination login, the candidate survey at the end of the examination and standardized break. It is not additional testing time; you will only be given four (4) hours to take the examination.

If you are a Testing Accommodations candidate and have been approved for extra time, please refer to your Board of Accountancy or designee for the actual length of your examination.

Examination Confidentiality and Break Policy

Before you begin your examination, you will be required to accept the terms stated in the “Policy Statement and Agreement Regarding Exam Confidentiality and the Taking of Breaks”. If you do not accept the statement, your test will be terminated and your test fees will be forfeited. You can find information regarding this policy here: <https://www.prometric.com/sites/default/files/TestCenterRegulations.pdf>.

Breaks

Each examination section contains units known as testlets. Each testlet is comprised of either a group of multiple-choice questions, a group of condensed case studies (known as task-based simulations), or a group of written communication tasks. (See exam section table for more information.) You will be offered a standardized, 15-minute break after the first task based simulation testlet (approximately midway through the Exam section). This break may be accepted or declined. If you accept this break, it will not count against your testing time.

You also have the option to take a break at the end of each testlet. You will not be allowed to take a break at any other time during the examination. If you leave the testing room at any time, without exiting the testlet and selecting the break option, you will not be allowed to return to the testing room. Information regarding your absence will be reported to your Board of Accountancy.

If you choose to take a break, you will be asked to leave the testing room quietly. Access to any personal electronic devices is prohibited during your break. You will be asked for a fingerprint to verify your identification prior to and upon returning from your break. The test center staff will confirm you have completed the testlet prior to your break. When you return, you will be required to enter your Launch Code in order to continue the examination. Note that breaks lasting more than ten minutes will be reported to your Board of Accountancy. You don’t have to take a break. The clock will keep running during the break (except during the standardized break); therefore, it is recommended that you use break time wisely.

Candidate Misconduct, Cheating, Copyright Infringement

The Boards of Accountancy, NASBA, and the AICPA take candidate misconduct (including cheating on the Uniform CPA Examination) very seriously. If a Board of Accountancy determines that a candidate is culpable of misconduct or has cheated, the candidate will be subject to a variety of penalties including, but not limited to, invalidation of grades, disqualification from subsequent examination administrations, and civil and criminal penalties.

In the event of an investigation into candidate misconduct or cheating, NASBA has the right to use any information obtained from candidates, including confiscated items and photos, as well as previous testing history to complete its investigation.

In cases where candidate misconduct or cheating is discovered after a candidate has obtained a CPA license or certificate, a Board of Accountancy may rescind the license or certificate.

If the test center staff suspects misconduct, a warning will be given to the candidate for any of the following situations:

-  Communicating, orally or otherwise, with another candidate or person
-  Copying from or looking at another candidate's materials or workstation
-  Allowing another candidate to copy from or look at materials or workstation
-  Giving or receiving assistance in answering examination questions or problems
-  Reading multiple-choice questions, task-based simulations, or written communication tasks aloud
-  Engaging in conduct that interferes with the administration of the examination or unnecessarily disturbing staff or other candidates

ADDITIONAL INFORMATION 51

The Boards of Accountancy, NASBA, the AICPA and Prometric take a variety of measures to prevent candidate misconduct and cheating on the examination. Test center staff is trained to watch for unusual behavior and incidents during the examination. Please note that all examination sessions are audio/video taped to document the occurrence of any unusual activity and candidate misconduct is reported to Boards of Accountancy on a daily basis.

Prometric provides NASBA with candidate personal information, including biometric data, test results and photos, which may also be used in conducting security investigations of candidate misconduct or cheating.

All examination materials are owned and copyrighted by the AICPA. Any reproduction and/or distribution of examination materials, including memorization, without the express written authorization of the AICPA is prohibited. This behavior infringes on the legal rights of the AICPA and, in addition to the penalties listed above, the AICPA will take appropriate legal action when any copyright infringements have occurred.

By applying for the CPA Examination, you agree to not engage in unauthorized assistance or collaboration on the Uniform CPA Exam, by giving unauthorized assistance to another person or receiving unauthorized assistance from another person, including in connection with preparing for the exam. Unauthorized assistance includes providing information to another person, or receiving information from another person, about the exam, exam content, questions, and/or answers.

Grounds for Dismissal

If you engage in misconduct or do not follow the test center regulations, the test center staff may dismiss you from the examination or you may have your scores canceled by your Board of Accountancy. The following are examples of behavior that will not be tolerated during the examination:

- Repeating acts of misconduct after receiving prior warning(s)
- Attempting to remove or removing examination questions from the testing room by any means
- Copying, writing or summarizing examination questions on any material other than the notebooks issued to you
- Tampering with computer software or hardware, or attempting to use a computer for any reason other than completing the examination session
- Intentional refusal or failure to comply with instructions of the test center staff
- Attempting to have an impersonator gain admission to the testing room or to substitute for you after a break
- Conduct that may threaten bodily harm or damage to property

Reporting Examination Concerns

During your examination session, report equipment/functionality issues or environmental disruptions/ distractions to test center staff without delay.

After completing your examination, if you feel that the circumstances surrounding your test administration prevented you from performing at a level consistent with your knowledge and skills; or, if you have a question or concern about the test, you must notify NASBA at candidatecare@nasba.org **no later than five (5) days from the date of your examination to document your concern. Reporting the issue to the testing site staff (TCAs) and/ or leaving a comment in the survey at the end of the examination does not take the place of filing a formal complaint with Candidate Care at NASBA. Do not wait to receive your scores before notifying NASBA.**

Comments about Examination Content

If you believe you have identified a problem with a multiple-choice question, a task-based simulation, or a written communication task, you should contact the AICPA Examinations Team either by fax at 609-671-2922 or by mail at AICPA Examinations Team, Princeton South Corporate Center, 100 Princeton South, Suite 200, Ewing, NJ 08628. Your fax or letter must be received by the AICPA within four days of testing to ensure a timely review.

Do NOT include the exact wording or attempt to outline the multiple-choice question, task-based simulation, or written communication task. Rather, provide enough information to allow the AICPA to identify the item; for example – “multiple-choice question number 18 in the second testlet” or “the Interest Expense tab in the first task-based simulation.” You should include the nature of your concern, the rationale, and, if possible, references. Be sure to include your examination section identification number in your fax or letter. The AICPA reviews every fax and letter received by the deadline; however, the AICPA is unable to respond directly to candidates.

STEP 5: RECEIVE YOUR SCORE(S)

After the Examination, candidate responses are forwarded to the AICPA for scoring. The AICPA does not receive or have access to candidate identities. The responses are identified by the examination section identification number only. When advisory scores become available, the AICPA forwards them to NASBA, which then matches the scores to individual candidates. NASBA then forwards the scores to Boards of Accountancy for approval and subsequent release to candidates. **Note: Scores cannot be given over the phone.**

Please be advised that some state Boards of Accountancy require at least one day beyond the published target dates for score release to process and release exam scores. Also, scores are NOT released by jurisdiction in a specific order, and the scores of candidates who tested on the same day may well be reported at different times during the scoring cycle.

Most candidates will receive an email once your score has been finalized and your score notice is available. You will then need to log in through your NASBA CPA Candidate Account to access and print your scores and score notices. NASBA does not release scores or score notices for the following states CA, IL, or MD.

If you fail an examination section, you will receive a Candidate Performance Report, providing information about your examination performance as it compares with the performance of candidates in the “just passed” category – those who earned scores of between 75 and 80. This information will show you how your performance differed – by content area and by question type (multiple-choice questions, task-based simulations, written communication tasks) – from the performance of passing candidates. You are likely to find this information helpful when preparing to retake an examination section. This information is a tool to evaluate your performance and to serve as a study guide.”

For additional information about score release or score report content, contact your Board of Accountancy or CPAES. **Note: The AICPA does not provide score information to candidates.**

For more information on how the CPA Exam is scored, please visit the NASBA Score Information page at <https://nasba.org/exams/cpaexam/scores/>.

Score Release Timeline

Scores for the Uniform CPA Examination will be released by NASBA to state Boards of Accountancy based upon the target score release date timeline listed here: <https://future.aicpa.org/resources/article/find-out-when-youll-get-your-cpa-exam-scorein>. Please be advised that some state Boards of Accountancy require at least one day beyond the dates listed in the table to process and release exam scores.

The Score Review and Appeal Processes

Score Review

Score review is a service to candidates offering additional assurance that operational quality controls in the scoring process were complete and the scores are accurate. Given all the quality control reviews already completed, it is highly unlikely that your score will change due to a score review. The score review process involves making certain that the approved answer keys were used and applied correctly in determining a candidate's score and is not an opportunity to have alternate responses considered. It is simply an additional independent verification of your Exam score. Please keep in mind that all scores undergo thorough quality control checks before they are released.

The score review option is available for candidates who have their scores released through their NASBA CPA Candidate Account. They would click the "Score Review" button next to their score if they would like to have their scores reviewed.

Appeal

In the jurisdictions that allow appeals, the appeal process provides candidates with the opportunity to appeal failing scores. Where available, the appeal option enables candidates who fail the examination to view the multiple-choice test questions or task-based simulation problems that they answered incorrectly together with their responses, and to submit comments online. The appeal does not include the written communication tasks. The confidentiality of the examination requires that such viewing sessions take place only in authorized locations, under highly secure conditions, and in the presence of a representative of the candidate's Board of Accountancy or CPAES.

Score Appeals are not available in the following jurisdictions:

- California
- District of Columbia
- Colorado
- Georgia
- Illinois
- Montana
- Virginia

You should consider requesting an appeal only if you want to review your incorrect responses because you believe that there is a multiple choice question or objective task-based simulation problem that you would like to challenge.

In order to qualify for an appeal, you will be required to submit a formal request, obtain your board's approval, pay the required fee, and meet all required deadlines. **Note: The option to apply for an appeal is available only for a short period of time after your score has been reported to you.**

Retaking the Examination

If you fail an examination section, you will be required to re-register for the section and obtain a new NTS before you can reschedule the exam. This includes paying all fees associated with obtaining a new NTS. You cannot use the same section ID to re-take an exam section if you have already taken the specific section. The Section ID listed on your NTS is valid for only one testing event or until the NTS expires.

You are allowed to have more than one active NTS at a time. You may not have more than one active NTS for the same sections though. Once you have received a score for a specific section, then the section ID is no longer valid, and you may re-register for the section. You may not be able to re-register immediately after receiving the score as it can take up to five days from when the score is released before the section has closed out. If you have any questions about a policy on retaking the examination, ontact your Board of Accountancy or CPAES."
